

# Oregon City Loop Trail Plan

## **Project Overview:**

This project will develop a plan for four segments of the Oregon City Loop Trail that are included in the City's Transportation System Plan.

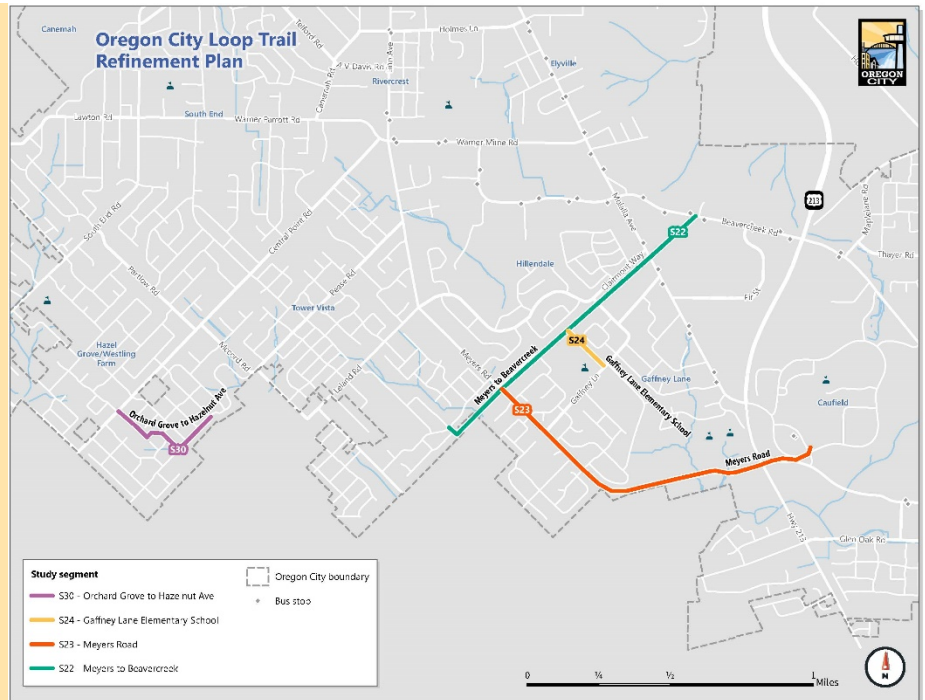

## **What will be the outcomes of this study?**

This study will identify a preferred alignment and cross-section for the four paths and identify potential funding sources for design and construction of the paths.

## **What do we want to hear from you?**

Please share any opportunities or constraints you would like the project team to be aware of as this study is completed. We'd also like to hear if you would use the proposed paths, how you would use them, and any concerns you would like to have considered.

**Please use the space below to share any thoughts or feedback you have for this project!**
