

## **The Tree**

by Tom Splitt

The calm quiet strength of a tree  
Anchored deep in the earth  
Reaching high in the sky  
The calm quiet strength of a tree

The calm quiet strength of a tree  
Full of life from its roots  
To the tiniest branch  
The calm quiet strength of a tree

And oh, how it comforts me  
How it teaches me  
Without a sound  
Then I realize at once  
That this tree and I are one  
In eternity

The calm quiet strength of a tree  
From the weight of its trunk  
To its delicate leaves  
The calm quiet strength of a tree

The calm quiet strength of a tree  
Showing anyone near  
All the secrets of time  
The calm quiet strength of a tree
