Dear Friends of the Center,

Happy June to you and yours! We are thrilled to kick off the summer season with an array of activities including a day enjoying Rocky Road Ice-cream, a concert from the OC Ukers, the first hike of the season to Tryon Creek, a Father's day luncheon, and programs galore. While things are bustling here, we are slowing things down in the kitchen this month in order to complete a kitchen upgrade project. Much of our kitchen equipment has neared the end of its life and we are implementing new equipment and streamlining processes to improve meal service. These upgrades will allow us to more efficiently and effectively utilize space and resources for the nutrition programs that include the Meals on Wheels programs for Oregon City and West Linn, as well as the Congregate Dining program. This project is scheduled to take place June 2nd-6th. While we have planned numerous details, this project has some components that may be subject to change. Please know we will do our best to maintain service and menu items as projected to the best of our ability. We appreciate your patience as we complete these needed and exciting upgrades. Thank you for being a vital part of our community.

See you at the Center,

Cecily Rose  
Social Service and Community Center Manager

**About the Presenter**

As a Senior Advisor and Placement Specialist, Belinda Godin helps people transition to senior living communities when the time arrives so families aren't tackling the process alone. There's a lot to know and a lot to do. You will receive hands-on, boots-on-the-ground guidance through all the decisions you'll need to make.

Belinda brings a robust library of experience and perspective to this conversation as she has worked inside senior living communities as an Admissions Director in two states. She also walked with her Mom on the senior living journey. Belinda has 13 years as a senior's real estate specialist. She is licensed by the state of Oregon and is the owner of Aging Stages Senior Services which provides free advising and placement services. Belinda encourages you to join the conversation just so you know what may lie ahead for you or someone you know. You can also call her about scheduling a private conversation for yourself or for a group to which you belong. You'll leave more educated about next steps if that time comes.
