## EMPATHY-BUILDING QUESTIONS

---

**Here are some questions to ask yourself** when reading a book that will help strengthen your empathy muscle.

**How is the person in this story different from me?**

**How is this difference a strength?**

**How is the person in this story the same as me?**

**How did this story help me understand how someone else might feel?**

**How can I use what I learned in this story to stand up for others?**

**Talk about your answers** with your classmates and family members. Write them down or draw a picture. If you'd like to post your writing and drawing for the whole community to see, fill out the online form at:
