<p>Description: SP 17-145 Canemah Cottages The property owner has constructed a wall at the frontage of 508 4th Avenue. The wall is constructed within the right-of-way. Oregon City Municipal Code 12.04.120 requires that long-term obstructions in a public right-of-way be approved by the City Commission by passage of a resolution. Public Works has determined that the right-of-way width and future road improvements will not be impacted by the location of the walls. Also, the rock wall constructed matches other existing walls in the Canemah neighborhood and improves stability of the soil adjacent the pavement of 4th Avenue. A maintenance and release agreement for long-term right-of-way obstructions will be required to be recorded and a revocable permit issued. Public Works recommends approval of Resolution No. 21-37 to allow permitting of the wall.</p>
