

## Addendum A – Exemptions

### Street Tree Removal and Replacement Application

Please contact the **Planning Division** at [ocplanning@orcitizen.org](mailto:ocplanning@orcitizen.org) or 503-722-3789 for any questions.

This form applies to street trees in planter strips that are 3 feet wide or less, AND street trees that are on the **Nuisance Plant List**. Such trees may be removed without replacement.

I am removing a street tree from a planter strip that is 3 feet wide or less.

If not, skip to the Nuisance tree section. If so, answer these questions and provide the requested information.

**How wide is your planter strip? \_\_\_\_\_**

- Planter strip width is the space between the inner edges of the curb and sidewalk, when measured perpendicularly.

**How many trees are you removing? \_\_\_\_\_**

- Tell us how many trees in this narrow strip you'll remove.

**Provide a photo showing the width of your planter strip.**

Staff Only: Planter Strip photo provided?	Yes	No
Planter Strip width confirmed?	Yes	No

I am removing a Nuisance tree species.

**How many nuisance trees are to be removed? \_\_\_\_\_ Species: \_\_\_\_\_**

Is the tree species listed on the [Oregon City Nuisance Plant List](#)?  Yes  No

We also consider Nuisance species on lists from Clackamas County Soil & Water District, Oregon Department of Agriculture, and other Metro Area cities.

- Nuisance Species List (if not Oregon City's): \_\_\_\_\_

Include a copy of the species list used, if not Oregon City's, with your application.

**Provide photos of the Nuisance tree(s) with your application.**

Staff Only: Nuisance Species?	Yes	No
Nuisance list info provided?	Yes	

**Have you considered replanting? Or creating a Pollinator Garden?**

If interested in replanting, please see the [Adopted Street Tree Species List](#) to find an appropriate species for your planter strip. You can also contact [Friends of Trees](#) for more information about care and maintenance to help prevent future sidewalk lift.

For Pollinator Gardens you can consult our Guide to Pollinator Gardens at [Create Pollinator Gardens / Oregon City, OR](#) or visit the [Xerces Society website](#) for more information.
