## City of Oregon City Oregon

Oregon City, Oregon  
February 1, 1934

To the Honorable City Commission  
Oregon City, Oregon  
Gentlemen:

We have again arrived at the time for reviewing the city's activities for the year just past, and I have the honor of submitting herewith the Municipal Activities for the fiscal year ending December 31, 1933. This constitutes the ninth annual report to be submitted under the Commission Manager form of government.

The report, where possible, has been compiled on a comparative basis, in order that the activities of one year may be compared with another.

Respectfully yours,  
J. L. FRANZEN  
General Manager.

## GENERAL

With this year the City of Oregon City completes its tenth year under the Commission-Manager government and this is the ninth annual report submitted.

Continuing their usual policy of keeping the citizens of Oregon City fully and correctly informed regarding the operations of their municipal government, the City Commission has authorized and ordered the publication and distribution of the City Manager's annual report for 1933.

Thirty meetings of the City Commission were held during the year, twelve of which were regular and eighteen special meetings.

To comply with the budget and to meet so far as possible the expected tax delinquency, all salaries were again reduced ten per cent and the activities of all departments reduced to necessary operations, except the Engineering department, where such improvements as were made were necessary for the relief of the unemployed.

In order that any changes in the various items may be noted, and a better understanding had of the 1933 activities, the report is made up on a comparative basis of three or more years.

**OFFICE OF CITY RECORDER AND WATER COLLECTOR**—In accordance with the provisions of the charter, all collections of money due the city, excepting taxes, are made by this office, affording an opportunity for comparison of collections for the past three years. All money received by the City is placed in five separate funds, namely: Current Fund, Cemetery Fund, Trust and Sinking Fund, Improvement, and Water Fund. On page 17 will be found the report of collections made during the year by the City Recorder who is also collector of water rents. It will be noted by comparison of the past two years, that collections in the Current Fund are nearly equal, there being \$51.63 more during 1933. The Cemetery Fund shows a decrease in all items resulting in a total decrease of \$1,373.73. The Trust and Sinking Fund also shows a decrease of \$326.76. The Improvement Fund and Water Fund show a reduction of \$3,435.17 and \$1,582.96 respectively, making a total reduction in receipts of \$6,575.62.

**POLICE DEPARTMENT**—On page 20 will be found a comparative report of the general operations of the Police Department. Although there has been a reduction in the total number of arrests, there has been an increase of arrests of 88% for intoxication and double the amount for driving while intoxicated. There has also been double the amount of arrests for burglary and a marked reduction in petty larceny. There has also been a marked increase of 290 in the number of transients or sleepers, there being 1162 for the year.

**FIRE DEPARTMENT**—On pages 21 and 22 will be found

the details of the operations of the Fire Department. An item of interest is the number of calls and the fire losses as compared with previous years, there being 85 calls or four more than the previous year, with a reduction of 28% in the fire losses.

Other items of interest are the reduction in the use of 2½ inch hose and the increase of ¾ inch hose. Also the reduction in average time at fires and the distance travelled.

**WATER DEPARTMENT**—The operations of the Water Department were reduced to operations for maintenance only, except a C.W.A. project at the intake consisting of the construction of a roadway and the relocation and replacing of the supply pipe between the dam and the settling basin, a distance of 700 feet.

Two thousand nine hundred and seventy-nine feet of various sizes of pipe was laid during the year, being 1572 more than the previous year. The details of the operations of the Water Department will be found on page 23.

**OREGON CITY LIBRARY**—The activities of the library have shown an increase during the past year. The number of books at the end of the year indicates an increase of 300 volumes. The number of registered borrowers has increased by 147.

The total circulation of books and magazines reached a total of 59,918 or an increase of 6,227 for the year. The details of the operations of the Library will be found on page 25.

**ENGINEERING DEPARTMENT**—During the year the activities of the Engineering Department consisted of maintenance and such improvements as were made through relief work and C.W.A. From January to December, 2481 man days of relief work was furnished, after which work was begun on seven C.W.A. projects employing 110 men. The details of the activities of the Engineering department will be found on pages 26 and 27.

## FINANCES

Revenues for the past four years have steadily been reduced, as was indicated by the report of Collections on page 17. The amount of taxes received during the past four years has also declined, there being approximately a total of \$90,000 of delinquent taxes.

Fifty per cent of the above amount of \$45,000 belongs to the Trust and Sinking Fund which is to pay bonds and interest.

In 1925 a plan was made estimated to retire all general obligation bonds by the end of 1937. A sinking fund was established which was included in the above mentioned Trust and Sinking Fund and was for the purpose of retiring certain refunding bonds amounting to \$82,000 that came due in May, 1933 and January, 1934. This fund grew to the sum of \$30,900.02 in 1930. That part of the above

delinquencies belonging to the Trust and Sinking Fund had to be met from the \$30,900 sinking fund. Therefore, instead of the fund being \$75,900 it is now \$23,866.72. On account of the reduction in this fund the plan followed up to the end of 1932 had to be changed in 1933 requiring the refund of \$65,000 out of \$70,000 which came due May 1, 1933.

The proposed changed plan will be to retire all general obligation bonds in 1943, or an extension of six years as shown by the table of Budget Requirements on page 12 and the curve on page 13.

It will be noted on Page 51 Auditor's Report that expected revenues for the year 1933 uncollected were a total of \$50,064.00 made up of the following amounts:

	1933	1932
Licenses and fines .....	\$ 1,359.80	\$ 2,329.80
Road Taxes .....	6,630.40	5,247.24
Other Taxes .....	37,906.45	26,073.00
Total for Budget .....	45,896.65	33,650.04
Special Road Tax .....	4,167.35	4,622.74
Total Uncollected .....	\$50,064.00	\$38,272.78

Although the amount of delinquencies has been particularly high during 1933, the city remains on a cash basis, there being no outstanding bills or warrants and all the debt service obligations have been paid as they come due.

The above delinquencies are caused wholly on account of the present economic conditions.

The condition of all funds as to cash, invested cash, and securities in the hands of the City Treasurer, will be found in the report of the City Treasurer on Page 18.

## BONDS

The city's obligations may be classified under three heads, namely (1) General, (2) Water, and (3) Improvement Bonds. Under the heading General are the bonds that have been issued for the purpose of funding, refunding, purchase of Fire Truck, construction of City Elevator, and Buildings. These bonds are retired by tax levy only. Under the heading Water, are bonds issued to construct the water supply system, and are retired from the revenues of the Water Department. Under the heading Improvement are bonds issued by authority of the Bancroft Act, for the purpose of paying for street and sewer improvements, and are retired by assessment on the property benefited by the improvement. On page 53 under the heading "Schedule of Bonded Indebtedness" will be found a list of the city's obligations. On page 13 will be found a curve showing the net bonded indebtedness and proposed rate of interest.

## (1) GENERAL BONDS.

As the General bonds are retired only by taxation let us consider them further. These bonds were issued under three methods of retirement.

First Method: Twenty year bonds with no provision made for their retirement other than to issue more refunding bonds as they come due. During the years 1913 and 1914, the city council issued \$50,000 funding, and \$20,000 refunding, and \$12,000 Elevator bonds that come under the above heading for retirement. (Refer to curve showing net bonded indebtedness to date and proposed rate of retirement. Page 13. (Also see schedule on Bonded Indebtedness on Page 53).

In 1925 a sinking fund was created to raise as large a fund as possible to assist in retiring these three issues when they come due. This fund is being raised from money obtained from interest on daily bank balances, premiums from the sale of bonds, savings from budgets, etc. On December 31, 1925, this fund contained the sum of \$11,592.93.

The following table will indicate the condition of this fund as of December 31, 1933.

	1933	1932	1931
Cash .....	\$23,866.72	\$16,925.67	\$15,828.30
Investments .....		10,000.00	10,000.00
Interest Due .....			318.75
Total .....	\$23,866.72	\$26,925.67	\$26,147.05

Second Method: Serial bonds whose certain definite amounts are to be paid off each year, no more, no less. In 1916 under this method the City Council issued \$275,000 serial refunding bonds. (See curve page 13). Also Page 53 Schedule of Bonds.

Third Method: Optional Bonds. These bonds contain a provision that the city may at its option retire as much of the issue as they desire at any interest paying date. Under this method in 1920 the City Council issued \$15,000 Fire Bonds. In 1921 they issued \$30,000 Refunding Bonds. (See curve page 13). In 1924 the City Commission issued \$27,000 Building bonds for the construction of the Municipal Building, and in 1925 they issued \$25,000 Building bonds to construct the City Hall. All of these bonds may be retired as fast as funds are available, and at the present rate of retirement, the \$30,000 refunding will be paid up eight years before the date of retirement. The \$25,000 City Hall Bonds will be paid five years before date of retirement, and the Fire bonds six years, and the \$27,000 municipal building bonds seven years before maturity. The proposed rate of retirement for all bonds will be noted on the curve on page 13, and that all General Bonds will be retired by the end of 1943.

# BUDGET REQUIREMENTS for PROPOSED RETIREMENT OF GENERAL BONDS PRINCIPAL

	Original Issue	Out- standing 1933	1934	1935	1936	1937	1938	1939	1940	1941	1942	1943
Elevator .....	\$ 12,000	\$ 6,500	\$ 4,000									
Refunding .....	275,000	62,000	20,000	20,000	21,000							
Fire .....	15,000	4,000	4,000									
City Hall .....	25,000	9,500	2,500	2,500	2,000							
Mun. Bldg. ....	27,000	12,000	2,500	2,500	3,000	4,000						
Refunding .....	65,000	65,000				7,500	8,500	8,500	9,500	9,500	10,500	11,000
Total .....	\$419,000	\$159,000	\$ 33,000	\$ 25,000	\$ 26,000	\$11,500	\$ 8,500	\$ 8,500	\$ 9,500	\$ 9,500	\$10,500	\$11,000

## INTEREST

Elevator .....	\$ 12,000											
Refunding .....	275,000		3,050	2,050	1,050							
Fire .....	15,000		150									
City Hall .....	25,000		225	100								
Mun. Bldg. ....	27,000		600	475	350	200						
Refunding .....	65,000		3,250	3,250	3,250	3,250	2,875	2,450	2,025	1,550	1,075	550
Total .....			\$ 7,275	\$ 5,875	\$ 4,650	\$ 3,450	\$ 2,875	\$ 2,450	\$ 2,025	\$ 1,550	\$ 1,075	\$ 550
Grand Total ...			\$ 40,275	\$ 30,875	\$ 30,650	\$14,950	\$11,375	\$10,950	\$11,525	\$11,505	\$11,575	\$11,550

During the past year the General bonded indebtedness of the City has been reduced \$28,500 as shown in the following table:

	1933	1932	1931	1930
Refunding Bonds—1916....	\$19,000	\$19,000	\$18,000	\$17,000
Funding Bonds—1921.....	2,500	2,500	2,500	2,500
Fire Bonds .....	—	1,000	1,000	1,000
Elevator Bonds .....	—	5,500	—	—
Ctiy Hall Bonds .....	—	—	—	2,500
Municipal Bldg. Bonds ....	2,000	2,000	2,000	2,000
Refunding—1913 .....	5,000	—	—	—
Total .....	\$28,500	\$24,500	\$28,000	\$25,000

The curve shown on Page 13 indicates the net bonded indebtedness for the years 1913 to 1933, and the proposed rate of retirement from 1933 to 1943, a definite plan of retirement by the end of the year 1943. The table shown on page 12 indicates the budget requirements necessary to carry out the proposed plan.

## (2) WATER BONDS.

In 1915 the City Council issued serial bonds in the amount of \$375,000 for the purpose of paying for the construction of the present water supply system, one third interest of which was purchased by the City of West Linn. This amount is being paid to Oregon City by West Linn's serial Water bonds.

All principal and interest as well as running expenses are being taken care of from proceeds of the Water Department.

## WATER BONDS

Year	Prin. Due April	Interest Apr. & Oct.	Total	Prin. & Int. 5-1-12 \$40,000	Total
1915	\$	\$	\$	\$ 1,800	\$ 1,800
1916		18,750	18,750	1,800	20,550
1917		18,750	18,750	1,800	20,550
1918		18,750	18,750	1,800	20,550
1919		18,750	18,750	1,800	20,550
1920	7,500	18,750	26,250	1,800	28,050
1921	7,500	18,375	25,875	1,800	27,675
1922	7,500	18,000	25,500	1,800	27,300
1923	7,500	17,625	25,125	1,800	26,925
1924	10,000	17,250	27,250	1,800	29,050
1925	10,000	16,750	26,750	1,800	28,550
1926	10,000	16,250	26,250	1,800	28,050
1927	10,000	15,750	25,750	1,800	27,550
1928	10,000	15,250	25,250	1,800	27,050
1929	10,000	14,750	24,750	1,800	26,550
1930	13,000	14,250	27,250	1,800	29,050
1931	13,000	13,600	26,600	1,800	28,400
1932	13,000	12,925	25,925	40,900	66,825
1933	13,000	12,275	25,275		
1934	13,000	11,625	24,625		
1935	16,000	10,975	26,975		
1936	16,000	10,175	26,175		
1937	15,000	9,375	24,875		
1938	16,000	8,600	24,600		
1939	16,000	7,800	23,800		
1940	20,000	7,000	27,000		
1941	20,000	6,000	26,000		
1942	20,000	5,000	25,000		
1943	20,000	4,000	24,000		
1944	30,000	3,000	33,000		
1945	30,000	1,500	31,500		

During the year 1933, as indicated in the table, bonds were retired in the amount of \$13,000. A total of \$25,275 being paid in principal and interest, as indicated in the above table giving the amounts paid and remaining to be paid.

## (3) IMPROVEMENT BONDS.

The Schedule of Bonded Indebtedness as shown on page 53 indicates the various issues of Improvement bonds which are retired by assessments on the property benefited by the various improvements. During the year 1933 no improvement bonds were retired. The remainder of these improvement bonds will be retired as the assessments are received.

A total retirement of all bonds of the city's obligations during the year was \$41,500 made up as follows:

Water Bonds .....	\$13,000
General Bonds .....	28,500
Total .....	\$41,500

Due to the retirement of the above mentioned bonds, the interest requirements for the year 1934 will be reduced by the amount of \$2,075.

## INTEREST ON INVESTMENTS AND DAILY BANK BALANCES

Where possible all surplus funds have been invested either in Liberty Bonds, or the city's own securities with the result that interest amounting to \$2,012.50 was earned during the year. The average amount of interest earned per year during the past nine years has been \$3,834.00.

## BUDGET

Although the budget was called upon for many emergencies and extras, it came through with a balance of \$5,255.85, making an average saving on the budget for the past nine years of \$7,725.35 per year. Expenditures for the various items of the budget will be found on pages 49, 50, 51.

## SINKING FUNDS

The total in all sinking funds as of December 31 as given below indicates the amounts in the sinking funds for the past three years. (See Treasurer's Report, Page 18).

1933	1932	1931
\$ 87,547.90	\$ 84,774.06	\$105,693.27

## TOTAL IN ALL FUNDS CASH AND INVESTED

The following comparative table taken from the consolidated balance sheet of the Auditor's report on page 34 indicates the cash on hand as of December 31.

1933	1932	1931
\$ 55,413.91	\$ 53,307.53	\$106,941.48

It is the policy of the administration to keep all surplus funds as close as practical to current needs, in order that the highest rate of return may be obtained from the city's funds.

The following table indicates the condition of the invested funds at the end of the given years:

1933	1932	1931
\$ 9,000.00	\$ 29,000.00	\$ 30,000.00

Schedule of money invested for the several funds will be found on page 52 of the Auditor's report.

The total of all funds both cash and invested cash for the past three years is shown in the following table:

1933	1932	1931
\$ 64,169.48	\$ 82,307.53	\$136,709.55

The amount shown for cash on hand and invested for 1933 is considerably smaller than for the two previous years on account of the retirement of bonds that came due during the year. As per plan of reducing obligations, the funds were built up as far as possible to retire bond issues coming due in 1933 and 1934. The amount shown for 1933 will be further reduced in 1934.

## OFFICE OF CITY RECORDER AND WATER COLLECTOR

CURRENT FUND:	1933	1932	1931
Licenses & Permits .....	\$ 4,175.20	\$ 4,280.20	\$ 4,815.20

First National, Oregon City .....	31,961.76
Total .....	<u>\$55,169.48</u>

# OFFICE OF CITY ATTORNEY

The duties of this office require the drafting of ordinances, resolutions, contracts, deeds, and various other papers and documents too numerous to mention in the short space allowed. It is also the duty of the City Attorney's office to conduct the prosecution of violations of municipal ordinances, and the study of legal questions, and rendering legal opinions, in order that the operations of all departments of the city may function within the requirements of the law.

## POLICE DEPARTMENT

The following is a comparative table of the general operations of the Police Department for the past four years:

	1933	1932	1931	1930

Fire Loss .....	\$1,963.00	\$2,699.75	\$1,987.00	\$10,040.00

Two false alarms were answered during the year.

Thirty-six fire drills were held during the year.

Fire drills and inspections were held at all city schools. All fire extinguishers at the schools were inspected and refilled.

The reroofing of the Bell Tower was completed.

Three hundred and ninety inspections were made of business houses.

Other facts of interest:

	1932	1933
2½ in. hose laid out to fires.....	4400 feet	2800 feet
1½ in. hose laid out to fires.....	225	2550
¾ in. chemical hose laid out to fires.....	2824	3500
Feet of ladders used .....	218	444
Pyrenes Used .....	11	4
Average distance traveled per fire.....	1.2 mile	.8 mile
Average time out per fire .....	37 min.	44 min.

## WATER DEPARTMENT

The Water Department made 665 new concrete shut-off boxes and of these 251 were installed. Four thousand brick were cleaned and used on services boxes.

37 fire hydrants were flushed and greased in September.

18 hydrants were repaired.

117 hydrants were flushed and repaired in October.

55 leaks on service lines and 46 leaks on the main line were repaired.

The drinking fountains were washed each month.

The reservoirs were washed and refilled twice.

Pipe in the following sizes and amounts was laid:

	1933	1932
¾ inch pipe .....	1388 feet	432 feet
1 inch pipe .....	390	105
1¼ inch pipe .....	90	_____
1½ in pipe .....	850	680
2 inch pipe .....	32	_____
4 inch pipe .....	229	190

Total .....2979 feet 1407 feet

A new bridge was built crossing the canyon at Linn Avenue. Five days were spent covering and painting pipe on the new bridge.

Due to work on the streets and highway at Canemah, the following changes were made:

60 feet of 2 inch pipe was lowered on S. 1st and Center Sts.

Service pipes at 9th & John Adams streets were lowered.

4000 feet of 2 inch pipe at John Adams street was lowered.

380 feet of 6 inch pipe at Canemah was changed.

23 feet of 6 inch Matheson pipe was replaced under pavement on Linn Avenue, with new pipe.

200 feet of 4 inch cast pipe was replaced at 10th and Jefferson.

The pipe was lowered on S. 2nd and High streets and also on 8th and Monroe streets.

The hydrant at 9th and John Adams street was moved and raised.

Two 2 inch meters were installed for highway work.

The roof on the water warehouse was repaired and the warehouse was painted.

Two men spent six days repairing small reservoir.

All grass was cut in both reservoirs.

In May, twenty-nine Canemah consumers were connected with

city water from the Rakel system. 1763 feet of pipe was used on connections and new mains. 313 feet of pipe was used connecting services. The 4 inch wood pipe was cut from the Rakel spring.

A 6 inch pressure reducer was installed at Canemah.

A check was made on all vacant houses.

A slide on the main line took out 25 feet of 18 inch pipe which was repaired in three hours.

All brush was cut away on the line to Estacada.

The pipe was tested every 300 feet from the reservoir to Redlands corners.

Pipe was moved back 2½ feet at Boulder.

Four miles of trail was cleared and the channel below the dam at the intake was cleaned. All exposed pipe was covered with logs and the line cribbed up with rock where needed.

Three days in November and 25 days in December were spent at head works with 15 C.W.A. men. This project consists of construction of roads and the relocation and installation of new steel pipe between the dam and settling basin, a distance of 700 feet.

Headworks Oregon City's Water Supply

## ENGINEERING AND STREET DEPARTMENT

In conjunction with regular street work, the Engineering Department completed the following work:

Shoulders were graded and rock placed on Molalla Avenue and Linn Avenue.

A crushed rock walk has been placed on Linn Avenue from 5th street to connect with the old Mt. Pleasant walk.

970 cubic yards of rock was crushed by the rock crusher and placed on streets.

Linn Avenue was graded and two small retaining walls constructed of stone approximately 35 cubic yards.

600 feet of 9-foot road was constructed at Mt. Pleasant using waste rock from the quarry at 1st and Center street.

Approximately 3450 cubic yards of fill was received and placed at 11th and Water street.

A new stairway was constructed to the river at 10th and Water street.

A retaining wall was built at 11th and Water street, 125 feet long and 10 feet high using rock from John Adams street.

A building was moved from 11th and Water street to 1st and Center street, to be used for a relief cannery.

S. First street was graded and rocked from Center to High street.

John Adams street was graded from the north side of 9th street to the north side of 10th street and 650 cubic yards of rock removed. It was necessary to lower the 8 inch sewer pipe 8 feet in solid rock for a distance of 100 feet on John Adams street.

10th street was graded east from John Adams street removing 150 cubic yards of rock. Two blocks, from Jefferson to Monroe street were graded for a 20-foot roadway removing 500 cubic yards of rock.

150 cubic yards of excavation from 10th street was used to construct 700 feet of roadway on Leonard street in Mt. Pleasant.

600 feet of stone roadway, 9 feet wide was constructed at Mt. Pleasant.

The road into Canemah over the hill was repaired using approximately 60 cubic yards of crushed rock.

Streets in Canemah were worked over, filling ruts, etc.

The grading of 3rd street, and John Adams street north of 3rd street, was completed.

100 cubic yards of rock was removed from 3rd street near Jefferson.

The Farmers' Market shed was moved from 8th street to 11th street on Main.

A shed 33 ft. x 70 ft. was erected in the alley in Block 24 for use of city owned equipment.

A new roof was placed on the elevator and the waiting room was painted.

Tennis courts at 13th and Jackson streets were graded and 7200 square feet of concrete laid.

Repairs were made to the Abernethy bridge deck at 16th and Main street and approximately 200 feet of 6-foot sidewalk rebuilt.

Two catch basins were built at 18th street and super highway.

Brush was cleared off of one block at John Adams street and 11th street, one block on Center street between 10th and 11th street, and on Moss street from Railroad to Center street.

Grass was removed from all the gutters in the city.

Asphalt patches were made on streets, using 43,000 pounds of asphalt.

Preliminary tests were taken of the flow and quality of sewage emptied into the river, preparatory to cost estimate of a disposal system.

A topographic survey for a sewage plant was made of land lying north of the city adjacent to the Clackamas river. A 24 hour sample was taken of the sewage and submitted to Oregon State college for testing.

Seven jobs were estimated and submitted for CWA approval.

The following were approved and approximately 110 men put to work:

Clearing and grubbing park at 16th and Jackson street, estimated at \$313.50.

Clearing in Park at 1st and John Adams street, estimated \$900.00.

Street grading on 10th street between Washington and Madison street estimated \$4581.50.

Street grading on 8th street between Madison and J. Q. Adams street estimated \$5140.00.

Street grading on S. 2nd street between High and Center streets, estimated at \$1426.00.

Street grading on Center street, four blocks consisting of deep rock cut, estimated \$9,949.40, the material being run through the rock crusher to be used on other streets.

Continuation of John Adams street estimated \$3227.00.

Total amount donated by CWA is \$25,537.40.

A rock crusher was installed at S. 1st and Center street to crush the material excavated on other projects and to be used on streets being improved.

## HEALTH DEPARTMENT

Following is a report of the activities of the Health Department during the year.

CONTAGIOUS DISEASES were reported as follows:

Influenza: 27.  
Pneumonia: 6.  
Scarlet fever: 9.  
Pink Eye: 1  
Chicken pox: 3.  
Tuberculosis: 4.  
Septic Sore Throat: 1.

## EDUCATIONAL

The doctor and nurses attended meetings of the County Public Health Association and the County Board of Health, where they gave short talks.

A campaign for Early Diagnosis of Tuberculosis was carried on and a tuberculin test offered to students in all junior and senior high schools.

## SCHOOLS

35 Dental clinics were held and 82 children given dental care.  
43 Children were examined and treated.  
The junior high school football boys were examined.

## AT THE OFFICE

Five children and 92 adults were given medical treatment at the office.

16 patients were admitted to the hospitals and 7 were discharged.

Two men were admitted to the State Tuberculosis Hospital at The Dalles.

Eight nurses were inoculated against typhoid fever.

## JAILS

One visit was made to the city jail and three men were examined for intoxication.

## SANITATION

Six complaints regarding sanitation were investigated.  
Health certificates were issued to five food handlers.  
Eleven dairies were inspected.

## MOUNTAIN VIEW CEMETERY

In addition to the necessary maintenance of the cemetery, additional improvements have been made. New lawns were seeded, the sprinkling system extended and roads improved. The comparative table on page 41, Auditor's report indicating the operations of the cemetery fund, shows a net operating profit of \$1514.03 or a reduction of \$1287.44.

Entrance to Mountain View Cemetery

### CERTIFICATE

We have audited the Accounts of the City of Oregon City, Oregon for the Year Ended December 31, 1933, and as a result of our Audit we believe the condition of the affairs of the City is correctly shown in the accompanying Statements.

CONDA J. HAM AUDIT COMPANY

By J. W. Hanks,

*Certified Public Accountant.*

CONDA J. HAM AUDIT COMPANY  
Public Accountants and Auditors  
718 Corbett Building  
Portland, Oregon

Honorable City Commissioners,  
Oregon City, Oregon.

January 30, 1934

Having completed the Audit of the Accounts of the City of Oregon City for the Year Ended December 31, 1933, under our plan of Monthly Audit and Control Accounting, we are pleased to hand you herewith our Annual Report. This consists of Comparative Consolidated Balance Sheet and Balance Sheets of each Fund as at December 31, 1933, Statements of Cash Receipts and Disbursements for the Funds, Operating Statements for the Year Ended December 31, 1933, and such supporting Schedules as are set forth in the Index.

The Cash on Hand December 31, 1933 was reconciled with the Bank Statements and found correct. The various Sinking Fund Investments were verified, same being deposited in the Safety Deposit Box of the First National Bank of Oregon City. Insurance Policies were examined and a Schedule of Unexpired Insurance included herewith.

All known Liabilities have been set up on the Books, including Interest on the City's Bonded Indebtedness.

Interest Receivable on Assessments has not been Accrued on the Books, for the current year although the Interest on the Bonds has been Accrued. This procedure was followed last year.

There was a decrease of \$1,688.66 in the Total Net Gain from Operations in all Funds, as compared with the Year 1932, as is shown by the following comparative summary:

	1933	1932	1931
General Fund .....	\$ 8,485.86	\$14,984.62	\$ 9,761.99
Water Fund .....	14,804.12	14,687.70	12,384.90
Trust & Sinking Fund .....	32,880.76	26,611.40	25,314.59
Improvement Fund .....	-13,284.97	-13,279.85	-2,794.01
Cemetery Fund .....	1,430.91	3,001.47	1,606.73
Total .....	\$44,316.68	\$46,005.34	\$46,274.20

Including the additional refinancing accomplished during the year, Bonded Indebtedness was reduced \$41,500; Water Bonds of \$13,500.00 and Funding & Refunding Bonds of \$28,300.00 having been retired.

While the Total Expenditures for the Year were \$15,755.85 un-

der the Budget Estimate, Receipts fell \$45,359.89 under the Estimated Revenue.

Receipts from General Taxes were 43.0% under the estimate.

Receipts from Road Taxes were 63.14% under the estimate.

Receipts from Licenses and Fees were 19.42% under the estimate.

Special Road Revenue was 63.14% under the estimate.

The increase in Proprietary Surplus of \$40,950.68 as compared with a year ago, is reflected in the Balance sheet as follows:

Cash on Hand (Increased) .....	\$ 2,106.38
Investments (Decreased) .....	-20,921.27
Taxes Receivable (Increased) .....	43,510.90
Accounts Receivable (Increased) .....	89.00
Interest Receivable (Increased) .....	518.87
Assessments Receivable (Decreased) .....	-16,217.61
Cash Advances (Decreased) .....	-142.91
Prepaid Insurance (Decreased) .....	-14.95
Land Values (Decreased) .....	-3,366.00
Equipment Values (Increased) .....	600.00
Warrants Payable (Increased) .....	-1,082.57
Interest Payable (Increased) .....	-2,129.16
Bonds (Decreased) .....	38,000.00

Total .....\$40,950.68

We add our appreciation of the opportunity to serve you and for all the courtesies shown us during the year.

Faithfully yours,

CONDA J. HAM AUDIT COMPANY
